

LONNA HARDIN

BIOGRAPHY

Lonna Hardin is an inspirational Christian and Gospel artist from the Midwest.

Known for her powerhouse vocals, soulful lyrics, and unshakeable faith in God, Lonna's electrifying new EP 'Seated' (2020) is a genre-defying exploration of divinity, life, and love.

The 'Seated' EP is a tantalizing preview of Lonna's full gospel album releasing in 2021. The project features an exciting range of records that showcases Lonna's versatility as a modern gospel artist, from lead single 'Divinely Surrounded', which sees her sweet, soulful tone blend with powerful words of worship — to the emotional ballad 'Sons of God', full of urgency, yearning, and cathartic rock belting — to the joyful titular track 'Seated', a high-energy gospel song infused with contemporary R&B flavor.
